

# Beautiful Composite Doors

High performance exterior doors

*Hey, good-looking...*

Enhance the beauty of your home with an exterior door that combines the beauty of timber with all the benefits of modern materials. Great, long-lasting looks and a reassuring 'clunk' when you close the door tells you immediately that not all doors are the same.

Made from glass reinforced polymer (GRP), our composite doors provide class-leading security and insulation standards, in a made-to-measure package that's virtually maintenance-free and as tough as nails.

With a vast range of styles, glazing options and design details to choose from, you can personalise your door completely - and once fitted, it will look sensational for years to come.

Good looks that last mean composite doors require no rubbing down, painting or varnishing and they won't swell, warp or rot, whatever the weather. They're also highly resistant to dents and scratches, so they'll look every bit as good in 5 or even 10 years' time.

## Door construction

**67% of burglars  
break in through  
THE DOOR**  
official crime statistics from the Home Office

## Secured by Design

### Official Police Security Initiative

Secured by design option available

*Anti-Bump, Anti-Pick, Anti-Drill, Anti-Snap, Anti-Extraction.*

BSI's highest Kitemark ratings BS6375 & PAS24

*Make sure you're  
safe and secure*

We want you to relax in the knowledge that choosing our composite doors means you have specified the best security possible for your home.

The reassuring 'clunk' when you shut the door tells you we mean business. Our Kitemarked hardware assures quality and a testing regime that simulates all forms of attack, including methods such as crow bar, sledge hammer and credit card, and guarantees deterrent over many years to come. Multipoint hooked door locks secure the door firmly and fast - top, middle and bottom - and specialist anti-bump cylinders will put off even the most determined unwelcome visitor to your home.

Tested to comply with the Security Standard BS 6375, PAS 023 and PAS 024, the security we provide is positively recognised by leading British insurance companies.

# Open up your home... with a bi-fold door

It's a great way to bring your living space and garden together, opening up wonderful new possibilities to make the most of your home.

Enjoy a summer barbecue, or just relax and enjoy the view. And then, as the nights draw in, the high levels of insulation and security will keep everything comfortable and safe indoors.

The mixture of hinged and folding leaves is designed to give you perfect control over the way that you use the door which can make a real difference to your lifestyle.

Aluminium truly is the material of the moment. It is strong, light, stable and it will not rust, warp or rot.

From an environmental point of view, it has a lot to commend it. It can be recycled over and over again, with no degradation or loss of physical properties.

# Specifications

## BS6375 / PAS24 Door Locks

These are "wrap around" faceplate locks in white or brown. The lock is 2 hooks, latch and deadbolt, lever/lever or split spindle within the same case. It has achieved BS6375 / PAS24 with Profile 22 / Safeware door leaf, profile and hardware specification. The keeps are adjustable for compression.

## Door Handles

These are available in "Resista" PVD Brass and Chrome. All are available in lever/lever option.

## Yale Door Anti-Bump Cylinder

Fitted as standard, this is a Yale Kitemarked anti manipulation cylinder available in Brass or Nickel. To accompany this, a cylinder guard is used to prevent any unauthorised removal or snapping.

**Yale** The world's favourite lock

## Aluminium Threshold

This has been specifically designed to suit the Profile 22 70mm Composite Door Outer frame. It is cut to size and fitted in from the inside of the outer frame using profile specific connectors (open in only). It is available in silver or gold anodised.

## Additional Ancillaries

To complement this range of hardware we have a suite of letter plates, knockers and numerals to match the PVD Brass and Chrome hardware.

## Additional Information

All Prices subject to VAT at the prevailing rate.

All doors are available in White as standard with colour options available to specific doors at no additional cost. Please refer to individual door designs for colour range options.

Standard lead-times will be approximately five to seven working days.

Choosing a Stippolyte or Cotswold backing glass will improve your lead-time.

Please note the following backing glass will be an additional lead-time. Chantilly, Digital, Everglade, Florielle, Mayflower, Oak, Pelerine and Warwick.

All the information in this brochure is provided for guidance only and is given in good faith, but without warranty or guarantee of any kind, whether implied or expressed.

Colour samples printed in this publication should only be used as a guide and are as accurate as our printing process allows.

THE BEST WINDOWS ARE MADE FROM

# Choose a door that's as individual as you are

With our composite doors comes the opportunity to customise your door to exactly the style you want through the specification of hardware.

From spy holes to hinges, letter plates to numerals, and let's not forget the knockers - we offer a chance for you to truly personalise your new door.

Glass adds personality to your door whilst colour, style and finish ensure the ability to complement and enhance any home. With 168 options on style and finish and hundreds more hardware and glass combinations we're confident you'll find the door you want.

*John & Sadie Marsh  
"We couldn't be happier with our new composite front door. The colour is amazing and it feels really sturdy compared to our old door."*

*When the heat's on*

## Fire doors

*Our fire doors carry the same aesthetics and high performance as our standard product range, but are manufactured to fully comply with Building Regulations and have been independently tested in accordance with BS 476, Part 22, for a 30 minute fire rating.*

Our fire doors have been designed for all types of properties, whether they are flats, shared entrances or multiple-entrance homes where Building Regulations stipulate a FD30S fire doorset is required. Some key benefits include:

- ✓ Virtually maintenance free and long lasting.
- ✓ Made from UV/ colour stable GRP that will not crack, fade, Peel or flake.
- ✓ Resistant to warping, twisting or bowing and will not dent.
- ✓ Secure and durable.
- ✓ 10-year guarantee.

# Doing your bit for the environment - and your pocket

We're sure our composite door is a product you'll warm to, especially as it provides up to six times more thermal insulation than a traditional timber door.

Independent testing shows you can expect a composite door to last for up to 35 years – typically longer than any other type of external entrance door with significantly lower maintenance costs than more traditional solutions.

Door Type	Expected Life (Years)	Maintenance
Softwood Door	25	Paint, 5 Years
Hardwood Door	35	Paint, 5 Years
Steel Composite Door	30	Wipe Clean
PVC Composite Door	25	Wipe Clean
<b>GRP Composite Door</b>	<b>35</b>	<b>Wipe Clean</b>
PVC Panel Door	20	Wipe Clean
